PAOPAO

SEEDDESIGN

www.SeedDesignUSA.com

Inspired by organic shapes and the artistry of fine jewelry, the Pao Pao collection earned its name from the word "Bubble" in Mandarin. Available in three colorways, and multiple configurations, the signature tear-drop silhouette of each pendant consists of a matching color glass sphere and metal cap. Each glass sphere is mouth-blown and vacuum plated to create an unique layered effect. The glass sphere visually changes as the light transitions between ON and OFF mode. When the light is OFF, one can appreciate the simplistic beauty of the glass surface and its reflective nature. When the fixture is ON, each pendant glows alluringly, allowing the light to reflect within the glass sphere, creating a dazzling optical effect.

Besides its inherent beauty, the Pao Pao utilizes high quality integrated LED design, that offers Color Rendering of CRI 95, as well as a dimmable function, (Triac Dimming).
