Antique Brass  
Contract Suitable As Is

The Frazier knows how to work its angles in any style setting. A slim faceted crystal tube is centered by an antique brass steel band and matching quadrilateral backplate. With LED lights at both the top and bottom this sconce beams softly from each end. Its angular sides refract light when in use and when not and casts incredible shadowplay on the wall space it occupies. Can be installed horizontally or vertically. Damp-rated, although limited covered outdoor conditions may affect finish.
