Materials: Laminated Shell/Wrought Iron

Item Weight: 18 lb
Number of Lights: 1
Suggested Bulb: Integrated LED
Watts per Socket / Item: 30 / 30

Cord: 1" Black/White

The Tairagai Chandelier was designed by Ian Thornton with an aim to highlight the shell material on the inside of the shade. Fitted underneath the open dome-like wrought iron ring in a bronze gold finish, the shells are laminated in place. The illumination generated by the integrated LED light source washes over the shells to make them gleam and accents the darker tones in the shells.
