

OLO  $\Phi$  fuses the diameter symbol  $\Phi$  into basic shapes of circles and lines. With an omnidirectional light rotation capability, the shade of the wall/ceiling lamp can be tilted vertically as well as horizontally, and for the pendant lamp, it can be rotated vertically. With a Saturn ring-like appearance, the supportive U-bend frame and round frame are exquisitely finished in Matt Black. Mood-inducing lighting always creates for instant ambiances.

OLO  $\Phi$  has revolutionized the world of light fixtures by incorporating the diameter symbol  $\Phi$  into their designs. This subtle touch adds an elegant and unique element to the basic elements of a circle and line. The result is a finely welded frame that is reminiscent of the illustrious Saturn ring, gracefully embracing the floating and flipping lamps within its arms. This petite lantern style table lamp offers an abundance of warm and soft light, almost like a soothing aria.
