

LINEA

Designer | VISO Design Studio

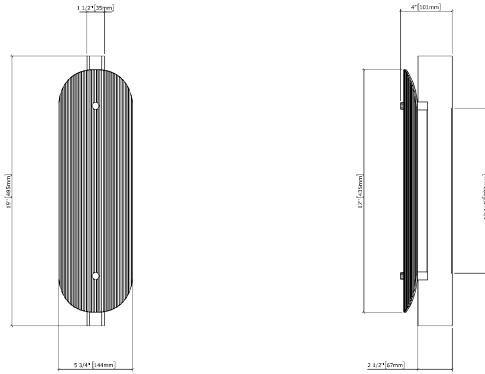

Clean, distinctive lines characterize the Linea Glass Collection. Available in three different sizes, this modern wall sconce features a linear fluted glass shade that diffuses the light in a calming manner while creating linear array effect.

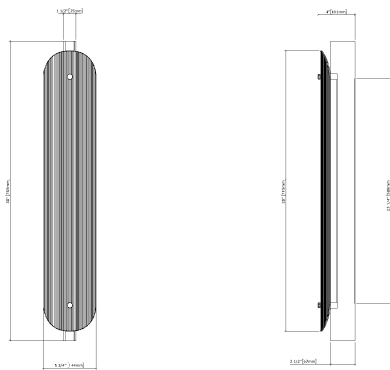

The elegant bend metal spine is available in Aluminum or Brass, allowing for customization to your specific interior design. The sconce is lit with a linear LED lamp and is compatible with a variety of dimming platforms. A simple and elegant surface mounted fixture perfect for countless residential and hospitality applications.
