UIMAGE

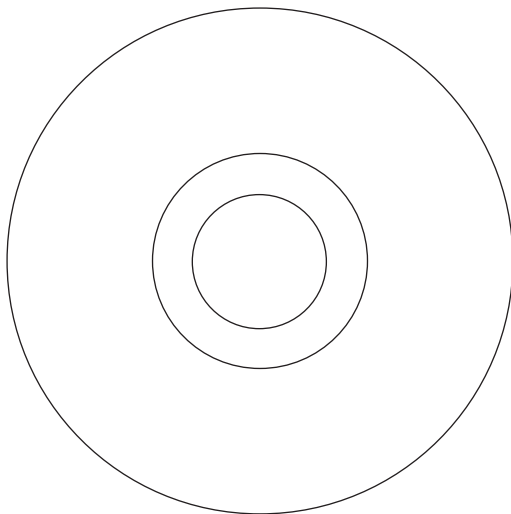

WITH LOVE FROM COPENHAGEN

At UIMAGE, our designers take inspiration from the distinct nature of the Nordic landscape to create unique designs related to the way we live in an urban setting. Influenced by the design language, colours and materials found around us in Scandinavia, we create a collection that is rooted in our home but designed for everyone.

CARE AND MAINTENANCE

Please follow the below care and safety instructions to ensure many years of enjoyment with your new design item from UIMAGE.

DUST

- Use a vacuum cleaner or gently beat the felt. Simple and easy.

STAINS

- Gently rub the stain off with a soft sponge and upholstery detergents. Avoid using abrasive sponges that may scratch the material.
- Always place the felt material on a flat surface when cleaning it.
- Important note: The material must be completely dry before it is mounted again on the electrical parts.
- Do not wring or twist the felt.
- The more stubborn stains could be removed by dry cleaning. Remember to specify the material (Polyester PET, max 40 degrees) and that the felt should not be wringed, twisted, or folded.
