# Copenhagen<sup>SC6</sup> Space Copenhagen 2014

**Product category**  
Pendant

**Environment**  
Indoor

**Material**  
Satinized opal glass or metal shade, bronzed brass or plated bracket black textile cord with wire.

**Production process**  
The shade is spun into shape from a single piece of metal and matt lacquered or made from mouth-blown opal glass. The bracket is made from milled and laser cut bronzed brass or steel which undergoes a special plating process to produce the desired matt finish to complement the shade.
